

2026 Paris Technical Colloquium SPONSORSHIP

France | February 9-10, 2026

The **FIRST Technical Colloquium Paris**, organized by FIRST and hosted by Group-IB, is a working forum for cyber threat intelligence teams, CERTs, incident responders and other cyber security teams to dive deep into today's threat landscape. The program focuses on sharing case studies, investigative techniques, and lessons learned from real incidents. It's an opportunity to exchange tooling, workflows, and approaches that improve detection, analysis, and response. By bringing together the community's collective expertise, we can raise the bar for defending cyberspace.

Why Sponsor?

This two-day event is **completely free** for attendees. Your sponsorship will directly support a high-quality, engaging experience for participants while positioning your brand at the heart of the cyber security community. It's an opportunity to showcase your commitment to innovation, connect with top talent, and enhance your visibility among industry professionals.

A photograph of the Eiffel Tower in Paris, France, viewed through a stone archway. The tower is silhouetted against a bright, hazy sky. In the foreground, there is a statue on a pedestal and a stone balustrade.
