A photograph of four men in a professional setting, likely a conference. They are all smiling and looking towards the left. The man in the center has his arms crossed and is wearing a dark sweater over a collared shirt and a pink lanyard. A large green plant is visible in the background. A dark blue banner with white text is overlaid on the bottom right of the image.

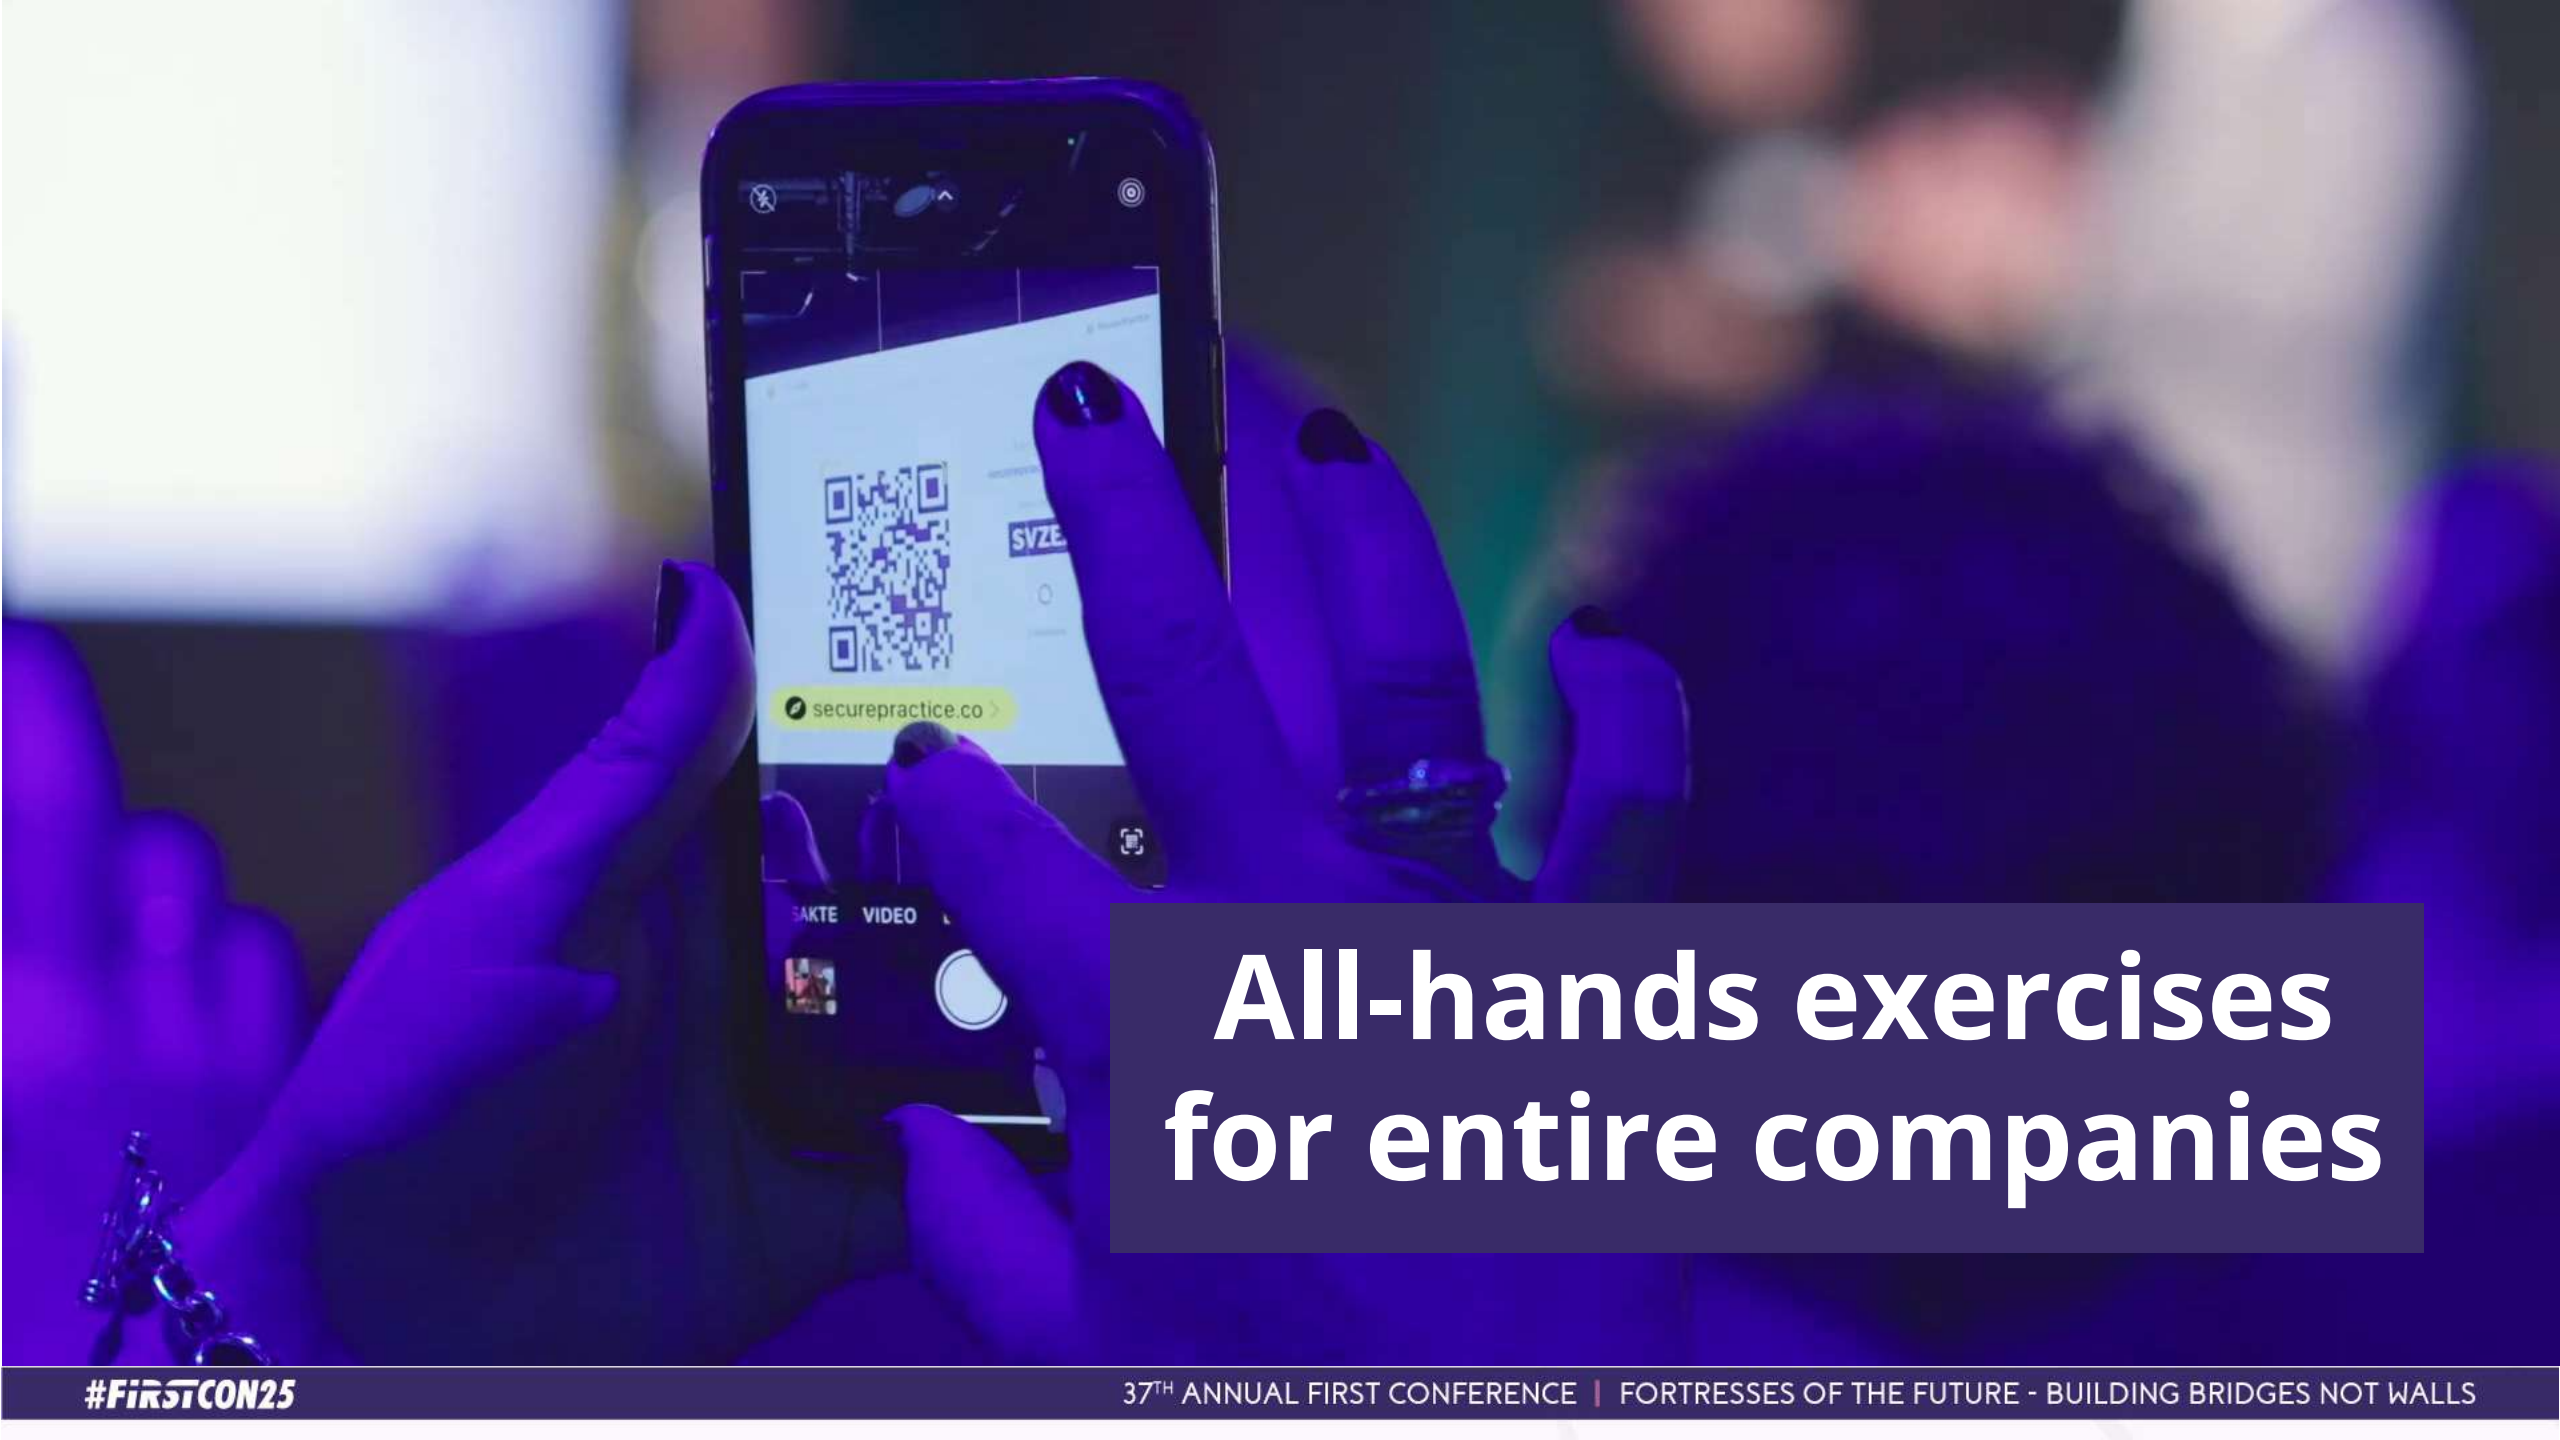

**Participant engagement
creates implicit tailoring**

A man and a woman are standing on a stage, smiling and gesturing towards an audience. The woman is on the left, wearing a dark blazer, and the man is on the right, wearing a white polo shirt. In the background, there is a large screen displaying text in Norwegian. On a table in front of them are two white mugs and a glass. The overall atmosphere is professional and engaging.

Double the trouble is double the fun

Assets, vulnerabilities and responsibilities in teams

All-hands exercises for entire companies

A man in an orange polo shirt is leaning over a wooden table, looking towards the camera with a surprised or concerned expression. He is holding a white mug. In the background, a woman with blonde hair is visible, looking away. The setting appears to be a modern office or conference room with large windows and indoor plants.

«You didn't attend our session down there!»

A man in a white polo shirt and a woman in a green blazer are presenting on a stage. They are standing in front of two large projection screens. The man is on the left, gesturing with his hands, and the woman is on the right, pointing towards the screen. The screens display a presentation slide with the title 'Kan politiet hjelpe oss? Bør vi kontakte de?' and a subtitle 'Vennligst diskuter resultatene og ta en felles beslutning nedenfor:'. The slide also features a blue arrow pointing right and a blue arrow pointing left. The background is a dark, textured wall. The foreground shows the backs of several audience members' heads.

Supply chain exercises above spreadsheet audits

60 events, 5000 participants,
3500 companies, 2 countries

Training the trainers for new countries
