Computers will not look like computers

IP is Coming!

- Too Many Legacy Systems
- Too Much complexity
- Too complicated
- Customer Confused!

What we need is:-

- A Single network that does Everything
- Not only Today, But Tomorrow as Well
- Connection to a Global Network
- Simple Services, Facilities and Intelligent Working
- Simple Connection to the Customer to remove the Confusion
- Everything Connected to Everything All the Time
- Things Talking to Things

Pay-per-View it isn't!

Wireless and security?

How Do You Find Information – Easily?

Post-it note

From Wikipedia, the free encyclopedia

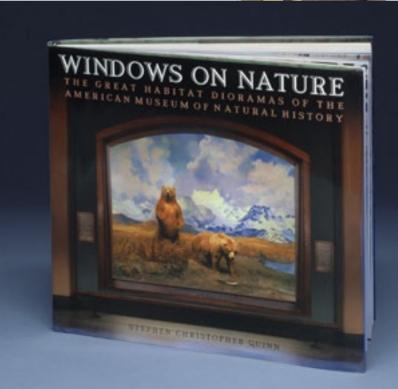

A Post it note (or simply Post-it), invented and manufactured by 3M, is a piece of

stationery with a re-adherable strip of adhoattaching notes to documents, computer of wide range of colors, shapes, and sizes, ti (7.5-cm) square, trademark canary yellow adhesive that enables the Post-its to be ea

marks or residue. The names "Post-it" and "Post-it note"—as w of 3M, the company which invented and manufactures them. Ac "sticky notes" or "repositionable" or "repositional notes;" noneth generic term for any such product. 3M manufactures other producteraging the success of the brand. As Post-it have been driven PtiMerno, 3M markets its own software under the name of "Post"

Pop culture

- In 2000 the 20th anniversary of Post-it notes was celebrated artist R.B. Kitaj sold for £640 in an auction, making it the mo
- In Showtime's comedy-drama series Dead Like Me, Post-it respers; they bear the names, estimated times of death (ETI)
- In the 1997 film Romy and Michele's High School Reunion, the friends
- Season 6 of Sex and the City (first aired August 2003) feature up with Carrie on a Post-It.
- In Bruce Almighty, when protagonist Bruce receives millions
- In a MADtv episode on January 6, 2007, rapper The Game (prever ends)
